Professional Summary

Hey there! My name is Gurpreet Singh . Currently I am pursuing my Full Stack Developer Course using MERN , ReactJs, Express, NodeJs, and MongoDB tech stack in Newton School(Online Platform). I have a strong passion for algorithmic problem-solving and have a grasp of data structures and algorithms. Seeking an opportunity to contribute and grow within a dynamic and innovative environment of which I can be proud to be a part. I am looking to join an organization where innovation and creativity are integral to everyday operations. I'm excited to apply my skills in Java, HTML, CSS, JavaScript, ReactJs, NextJs and Material UI to contribute effectively to a team
